

**BUILT FOR
STRENGTH**
MADE TO LAST

ABOUT US

Sri Sai FRP Works has been a leading service provider since its 2004 establishment and a manufacturer of innovative FRP (Fiber Reinforced Plastic) products since 2023.

We are committed to exceeding client expectations through

- **UNWAVERING QUALITY**

We utilize premium materials and cutting-edge manufacturing processes to ensure the longevity and durability of our FRP products.

- **EXCEPTIONAL SERVICE**

Our dedicated team provides personalized attention and expert guidance throughout your project, from fabrication to installation and maintenance.

- **UNRELENTING INNOVATION**

We continuously explore new technologies and solutions to stay at the forefront of the FRP industry.

INNOVATION. RELIABILITY. DURABILITY.

**STRONGER
THAN STEEL**
LIGHTER THAN AIR

OUR SERVICES

Sri Sai FRP Works offers a comprehensive range of FRP products designed to meet the diverse needs of various industries

▪ TANKS AND TANK EQUIPMENTS

We specialize in custom-build high-quality FRP tanks in various materials such as FRP, PVC FRP, PP FRP, PPH FRP, and PPGL FRP, to perfectly suit your application. We can also use alternative FRP materials upon request.

▪ PIPINGS AND MOULDED FITTINGS

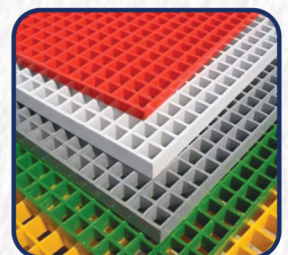

Our FRP, PVC FRP, PP FRP, PPH FRP, and PPGL FRP pipings and moulded fittings ensure superior performance and durability, and we also use alternative FRP materials as per your request.

▪ FRP DAMPER VALVES

We offer efficient and reliable FRP damper valves for precise airflow control.

▪ FRP GRATINGS

Our lightweight yet robust FRP gratings are ideal for walkways, platforms, and other industrial applications.
